SAVE TIME, TRY CESCO FIRST!

General Purpose/Power/Solid State Relays, Counters, Timers, Programmable Controllers, HMI Touch Screens, DeviceNet and Profibus I/O, Photo Electric, Measuring, Pressure and Proximity Sensors, Limit Switches, Basic Switches, Process/Temperature Controllers, Panel Meters, Power Supplies, Floatless Level Switches, Servo Drives - Motion and Position Controllers, Visual Inspection Systems, Bar Code Readers, Variable Frequency Drives.

Omron STI safety products include safety light curtains, interlocks, relays, mats and sensors. Additionally, Omron STI has maintained a tradition of innovation by successfully developing and applying a variety of sensing solutions for customers in the factory automation, defense and automated toll-way markets.

Feed-through Modular Terminal Blocks in Screw, Clamp and IDC Technologies, Test/Disconnect and Fuse Terminals, Connectors for Electronic Application and Printed Circuit Boards, Heavy Duty Connectors, Fixed Pole Connectors, Electronic Signal Conditioners and Converters, Overvoltage Protection, Component Housings, Plotter Marking Systems, Screwdrivers and Crimping Tools, Rail Mounted Circuit Breakers, Power Supplies, Elpro - Wireless I/O, Radio Modems - Serial and Ethernet, Smart wireless gateways for Profibus, Ethernet, Modbus etc. WIBnet ready products.

Circuit Protection Devices, Contactors, Motor Starters, Variable Frequency Drives. Fusible Disconnect Switches Type F 30 to 800A 600V or Less, Non Fusible Disconnect Switches Type NF 30 to 1600A 600V or Less. Industrial Control Products. NEMA & IEC applications with UL and CSA approvals & CE certification.

Premiere Wiring Products - Wiring Duct, Cable Ties, Wiring Accessories, Stainless Steel Products, Identification Products, Fork & Ring Terminals, Crimping Tools, Heat Shrink & Insulation Products, Power Connectors, Signage.

Steel, Stainless Steel & Fiberglass Enclosures

Metal, Fiberglass and Stainless Steel Enclosures, NEMA/EEMAC 1, 3, 3R, 4, 4X, & 12 Off-The-Shelf and Custom Modification Engineering, Consoles and Consoles, Meter Cabinets, Modular Cabinets, Eurostyle Cabinets, Safety Disconnect Switch Cabinets, Junction Boxes, Terminal Boxes, Duct, Splitter Troughs, Wireways.

Brad Harrison Quick-Disconnect System, Multi-Port Interconnect System (MPIS) 4, 6 or 8 Outlets with L.E.D. Display, Mini-Change Molded Connectors, Mini-Change Swinger Pushbutton Switch, Mini-Change Lighted Connectors, Mini-Tee Connectors, Micro Change Splitter, Micro-Change L.E.D. Plug, Micro-Change In-Line Receptacle, Nano-Change Molded Connectors, Quick-Change Molded Connectors, Control 8 through 12 Pole Connectors, Dual Round 9, 11, 16 & 17 Pole Connectors, Safety Plugs, Oval Push-Pull Connectors, High Voltage Cable Connectors, DeviceNet Sensor Actuator Bus Products, Devicenet Cable, Devicenet Connectors, Industrial Ethernet, Profibus, Network Connectivity.

Since 1972 - Red Lion manufactures (in the USA) a family of quality and value oriented industrial control products – HMI Products, Process Controls, Panel Meters, Sensors, Software, Large Marquee Displays etc.

MARCUS TRANSFORMERS OF CANADA LTD
Industrial Control Transformers, High Voltage Dry Type Transformers, Low Voltage General Purpose and Special Dry Type Transformers, Type KST Auto Transformers, Liquid immersed Load Center Transformers and Buck-Boost Transformers.

Power Connectors Dual Rated for AL & CU; Compression Lugs, Switchgear Lugs, Power Distribution Blocks, Splicers & Reducers, Tap Connectors, Neutral Bars, Terminal Lugs, Fuse Clips Type C, M & R.

EDISON FUSEGEAR
HRCI Class J, R & L, HRCII-C, Code, Semiconductor, Rectifier & European, Midget, Small Dimension, High Voltage, Fuse Blocks and Panel Fuse Holders.

Connectors (Strain Relief), EMT Fittings, Flexible EMT Fittings, Speed lock Steel Box Connectors, Steel Compression EMT Fittings, Steel Set-Screw EMT Fittings, Expansion & Pull Box Fittings, Grounding Fittings, Liquid tight Fittings, Service Entrance Fittings, Solder less Connectors, Thru wall & Floor Seals, Watertight Die cast Hubs, & Weatherproof Products

With the industry's widest range of products, Ferraz Shawmut is your one source for industrial fuses. Semiconductor fuses. Fuse blocks and finger-safe fuse holders. Power distribution blocks. Surge suppression devices. Disconnect switches and much, much more.

DC Fan Motors, AC Fan Motors, Alarm Fans, Thermally Speed Controlled Fans, Long Life Fans, Splash Proof Fans, And CPU Coolers.

Lever-less Limit Switches. GO Switch lever-less limit switches provide reliable position sensing in the most demanding applications, including extremely hot, cold, wet, dirty, abusive, corrosive and explosive plant conditions. Using a unique hybrid technology that eliminates wear and tear, GO Switches last longer and outperform other sensors in the most extreme environments.
